

"...I am enjoying using the new *Music Theory for Choirs* that I purchased last spring. What a great and comprehensive series."

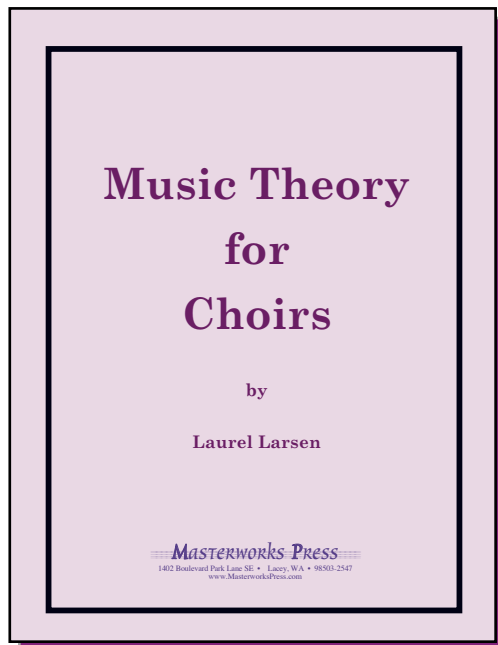

— *Scott Christiansen, Director of Choral Activities  
Mesa Ridge High School, Colorado Springs, CO*

"...I am absolutely pleased with your *Music Theory for Choirs* curriculum. It is concise but thorough and presents even the rudimentary elements in a well thought out and sophisticated manner. It is exactly what I have been looking for to assist in teaching my high school choral students for some time."

— *Dr. Thomas C. Lee, DMA, Organist and Choirmaster  
Texas Military Institute, The Episcopal School of Texas*

# Music Theory for Choirs

**These reproducible, interactive lessons offer an exciting new approach to learning the basic elements of music.**

**A lesson a day or a lesson a week—it doesn't matter.** Advance at whatever speed you desire; meanwhile, more experienced, or conservatory-bound, students can move at a faster, **self-paced** rate.

This solfège-based course introduces all musical concepts through **concise lessons**, followed by **short exercises** for immediate reinforcement.

**Ear Training** exercises include rhythmic, melodic and harmonic recognition and dictation based on the material introduced in each unit.

**Keyboard diagrams** are used where applicable.

A **Teacher's Answer Key** is included, which includes the answers to all exercises, reviews, quizzes and exams.

**Graded assignments and quizzes will make your grading system more objective.**
